

## From Low to Zero Emission: How to decarbonise urban and peri-urban mobility?

An Alliance between Energy and Transport

15 June 2022, 10:00-13:00

Royal Library of Belgium (KBR) - Mont des Arts  
1000 Brussels

Decarbonising urban and peri-urban mobility is essential to achieve the EU's climate neutrality in 2050, with the relationship between transport and energy more crucial than ever. With SGIs at the core of this interconnexion, the event will gather key stakeholders enabling the transition towards zero-emission mobility.
